

CARLSBAD RRG CUP 2016 IN PICTURE

A DREAM COME TRUE

There is no better place in which to show the beauty of rhythmic gymnastics than in the city, famous for its beauty. And there is no better feeling than to be a part of the fulfilled dream - a bold vision of a major international competition in rhythmic gymnastics that benefits from the attractiveness of the beautiful spa town and the modern KV Arena sports hall and offers spectators truly remarkable experience.

This dream began in the summer of 2012 when the coaches of the Carlsbad rhythmic gymnastics club had an idea to organize a competition for the local gymnasts, who had never had a chance to perform in their own city. It was at that time a really bold idea to organize such sports event in the recently completed high-tech multifunctional KV Arena.

The determination of a few „freaks“ was strong enough to overcome all the financial and technical difficulties, which would have been discouraging for the vast majority of similarly sized clubs. On the contrary, it became a major challenge and motivation to prove almost impossible. Those enthusiasts managed to gain support for their idea in the Karlovy Vary City Council, the Karlovy Vary Region and many other great sponsors. Thanks to the dedication and approach of all members of the team, what was initially impossible became real and a beautiful dream of international competition came true, so lots of “ordinary“ participants in Carlsbad RG Cup could feel like competing at the Olympics.

The fact that this competition has been successfully held for four years means that we have managed to change the dream into reality and a new tradition of rhythmic gymnastics feast was born in Karlovy Vary. In addition to sport performance there is also a great atmosphere and an opportunity for a friendly meeting of this beautiful sport lovers from around the world.

The gymnasts themselves have also a large share of the success; their sport enthusiasm and the beauty of their performances gave this event life and spirit, and without them the Carlsbad Cup RG would not be what it is. We believe that Karlovy Vary will deserve a permanent and prominent place in the history of rhythmic gymnastics.

Deer's Leap (in Czech) is not just an element of difficulty in rhythmic gymnastics, but in Karlovy Vary the „Deer's Leap“ is the place from which, according to the legend, a hunted deer jumped into the hot springs of the river Tepla, which inspired the Czech King Charles IV to found the spa town.

KARLOVY VARY - GENIUS LOCI

Karlovy Vary, the most beautiful spa town in the heart of Europe and the entire spa region, is a city with rich history, spa tradition and mineral springs, attended by guests from all over the world not only to heal both their bodies and souls, e.g. the Russian Emperor Peter the Great, Franz Josef I., T. G. Masaryk, Ludwig van Beethoven, Niccolò Paganini, Fryderyk Chopin, Wolfgang Amadeus Mozart, Sigmund Freud and many others. Modern stellar names also belong to the visitors of the traditional international film festival, where we could see walking on the red carpet for example Leonardo DiCaprio, Michael Douglas, Morgan Freeman, Keira Knightley, Robert Redford, Sharon Stone, Robert De Niro, John Travolta, Richard Gere and so on.

The famous spa town of Karlovy Vary has also been historically closely linked to rhythmic (formerly artistic) gymnastics since its origin in Czechoslovakia until the present. In 1955 one of the first clubs was founded in the former Czechoslovakia. On 15 June 1958 the first official Czechoslovak Rhythmic Gymnastics Championship took place in the Carlsbad Grandhotel Pupp.

Despite the fact that this city full of life, health and elegance invites the organization of an international

sports event full of elegance and beauty of movement, the rhythmic gymnastics in Carlsbad hid from the eyes of spectators and was only practised in various sport associations for quite a long time.

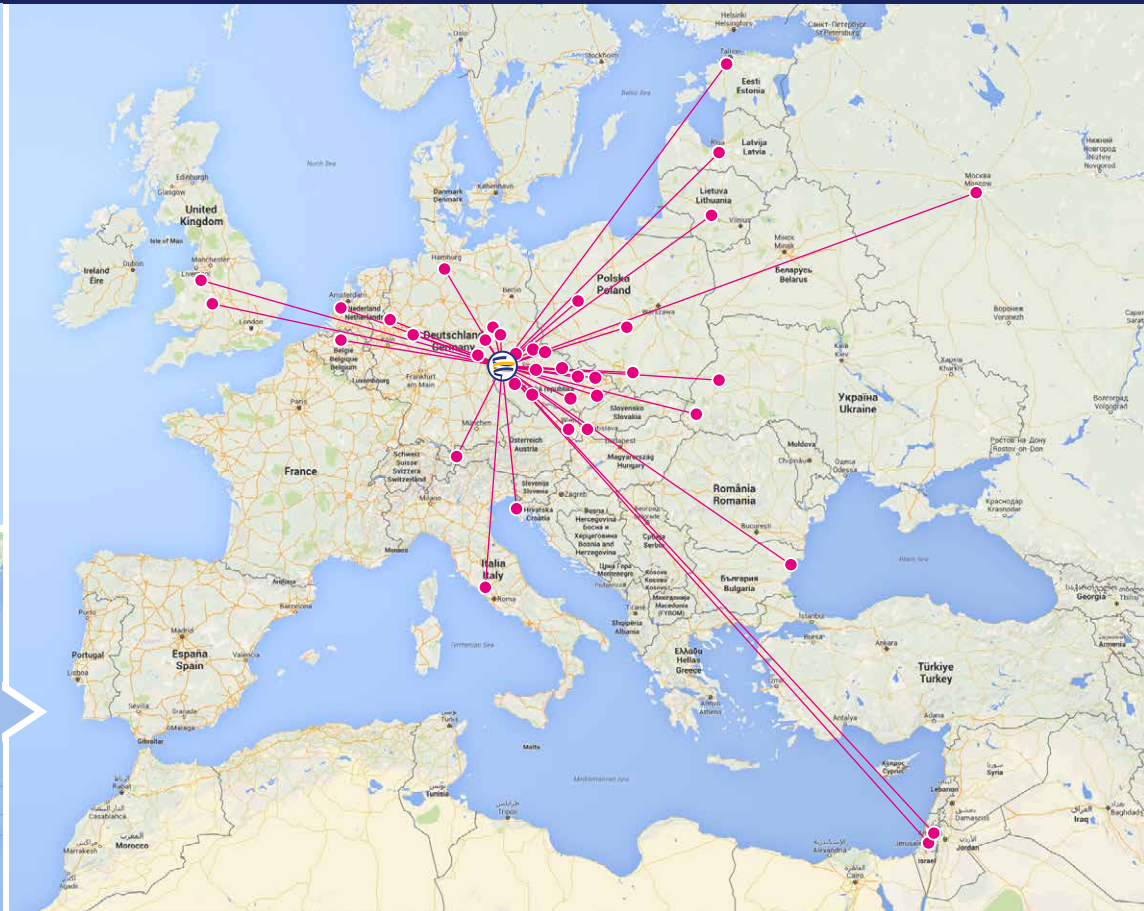

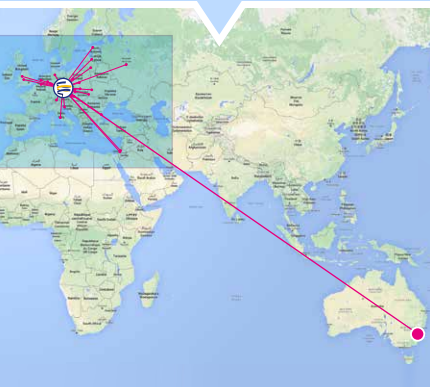

After long 55 years on 15 June 2013 the Rhythmic Gymnastics Club TJ Slavia Karlovy Vary (today's sports club TopGym Karlovy Vary) organized a successful international competition in the multifunctional sports hall KV Arena. Thus rhythmic gymnastics returned back to Karlovy Vary audiences in great style.

Four successful years of this event, the interest and satisfaction of participants and spectators aim to hold such traditional sports event in Karlovy Vary, which will be based not only on the excellent performance of gymnasts, but also on the genius loci of this beautiful spa town.

Come to Carlsbad to enjoy the atmosphere of a spa town as well as rhythmic gymnastics!

527 competitors from 18 countries took part in the Carlsbad RG Cups between 2013 and 2016.

Superbly prepared hall and plenty of space for training and racing portion were appreciated by all competitors.

A TMOSPHERE

Karlovy Vary international competition in rhythmic gymnastics takes place in a calm and friendly atmosphere. Term at the end of the school year, after all the important competitions and championships, offers the possibility to compete without stress, just for fun. Gymnasts, coaches and judges from around the world always look forward to this sports event.

Competition programme includes 10 categories of all ages and performance groups in Rhythmic Gymnastics free programme lines A and B. Both the spectators and currently nonperforming competitors were able to watch and compare the great sports performances, choreography and music.

Because half of the participants are foreign competitors, all the gymnasts have unique opportunity to compare their own skills really internationally. Among the gymnasts from the Czech Republic there are also true champions and Czech national team members.

Due to the enthusiasm of the organizers, sponsors' willingness and interest of participants an outstanding competition was organized at extraordinary levels. We wish the next years will bring everyone even more exciting experiences.

RHYTHMIC GYMNASTICS

Rhythmic gymnastics belongs to traditional sports in the Czech Republic. In 2013, it celebrated its sixtieth anniversary. Over the years Czech gymnasts have won numerous international medal successes.

In the II World Cup, hosted in Prague in 1965, the Czech representative Hana Micechova – Sitnianska became an absolute world champion. At the Olympic Games in Barcelona in 1992 Lenka Oulehlova reached the eighth place.

Also Karlovy Vary has made the history of rhythmic gymnastics. The very first Czech National Championship was organized in Karlovy Vary on 15th June 1958 at the Grandhotel Pupp.

A special guest and a personality of the fourth Carlsbad RG Cup was Monika Míčková, a multiple champion and a longtime member of the Czech national team in rhythmic gymnastics.

In May 2016 she ended her sport career and came to support the Carlsbad competition. Spectators and competitors could enjoy her great gymnastics exhibition and especially the Czech gymnasts, whose idol she certainly is, seized the opportunity to take photos with her and get her autograph. Thanks to Monica's participation this year Carlsbad Cup was even more than successful.

M ONIKA MÍČKOVÁ

Monika Míčková (* 1991) started doing rhythmic gymnastics when she was 6 years old. Three years later she joined today's SK Tart MS Brno, where she began to practice. When she was 12 she competed in the Czech Championship for the first time in the junior category and a year later she was already ranked first. In 2011, she won her first National Championship in the senior category and the next 4 years always defended the title. At the World Championship 2015 in Stuttgart, she managed to gain a place in the second qualifying competition for the Olympic Games in Rio, where, unfortunately, the great Olympic dream ended for her and the whole Czech rhythmic gymnastics.

Monica's favourite apparatus is a ribbon and her sports idols are Anna Bessonova, Evgenia Kanaeva and Gana Rizatdinova.

Greatest achievements: 3x champion of the Czech Republic in the juniors, 5x champion of the Czech Republic in seniors, 7th place at the European Championships in juniors in a group performance with clubs, 13th place at LSU in Kazan, a multiple champion of the Czech Republic in group performances.

„Hell under the cloak“ is the name of the opening dance exhibition presented by the gymnasts from the organizing club TopGym Karlovy Vary.

Colourful and dynamic cancan performed by the dance studio Fontana was the final exhibition before the results were announced.

ENTERTAINING PROGRAMME

Rich entertaining programme was prepared for spectators and participants. The breaks between categories were filled with interesting dance and sports performances. The 4th Carlsbad Cup offered viewers an original dance exhibition by the gymnasts from the organizing TopGym Karlovy Vary and other dance genres performed by the guests - belly dance, ballet, breakdance, jazz or cancan. The highlight was the special gymnastics performance by Monika Míčková.

In KV Arena premises participants could take advantage of photographic services and the sale of gymnastics equipment, and the little girls could try gymnastics classes.

In the evening after a hard competition day the participants could enjoy the after party with dinner, where they reminded each other of their day's experiences and made friends with other clubs. Guests at the party seemed to forget the fatigue and late into the night discussed their experiences and exchanged contacts.

Many participants also took the opportunity to visit and see the beautiful spa town of Karlovy Vary. Members of our organizing team helped them and for those interested they became their tour guides.

Members of the Karlovy Vary Rhythmic Gymnastics Club TJ Slavia were happy to share with the participants not only the tension of the competition day, but also relaxing moments during a city sightseeing tours, a dinner and the After Party.

We are pleased that participants like both the competition and the city so much that they want to come back again.

In 2016 over 30 judges worked under the supervision of the chief judge Yvonna Ronzova from Hradec Kralove. As in previous years, we had multiple sets of judges, so each judge did not have to work all the day and had time to enjoy the competition as a spectator or coach of their club.

The judges once again proved their professionalism and we are happy to thank them for their demanding and responsible job. Their objectivity helped not only to decide the results but also to contribute to the good reputation of Carlsbad RG Cup.

JUDGES

As organizers, we understand that also a personality of the chief judge creates the reputation of the competition. Therefore, this position has always been offered to someone who already gained great personal reputation in the rhythmic gymnastics.

Petr Kopfstein, a four-time world champion in aerobatics and a pilot in the Red Bull AirRace Masters category, handing medals. Petr Kopfstein from his own experience knows how difficult the organization of such major sporting event is. Therefore, his sincere words of praise for Carlsbad RG Cup were particularly valuable.

When the real masters meet: the personality of Monika Mičková impressed Petr Kopfstein enough to invite her to enjoy an aerobatic flight over Karlovy Vary. So Monika Mičková has not only gained great gymnastics but also flight experience. „It was pretty cool, thank you very much“, the best Czech rhythmic gymnast commented her life experience immediately after landing.

VIP'S

Mgr. Jiří Klsák, the Deputy Lord Mayor of the town of Karlovy Vary: "I was intrigued by interesting guests".

The Deputy Mayor of the town of Karlovy Vary did not miss the feast of rhythmic gymnastics either. He watched the best gymnasts and took part in handing medals. „I enjoyed the atmosphere, it was great as usual. Participants came from all over the world, even from Australia. I admire the effort of all the competitors. Monika Mičková is a wonderful example of a personality brought up by this kind of sport. I really appreciate the fact that the organizers managed to bring such a sport star to the Carlsbad RG Cup. This shows the increasing prestige of the competition. I also want to commend the organization and the personal commitment of the organizers,“ summed up his observations Jiří Klsák.

Ing. Edmund Janisch, the Deputy President of the Karlovy Vary Region: "Thanks for the great representation of the Karlovy Vary region."

The Deputy Governor of the Karlovy Vary Region visited the opening ceremony and wished success to the event and great performances to the gymnasts. "I could only watch the morning programme. However, I was impressed by the little competitors, whose performances were of really high quality despite their low age," said Mr Janisch. He also assured the organizing TopGym of the Region's ongoing interest and support of this event. „The whole competition was prepared with great care, interest and real professionalism“, summed up Edmund Janisch.

KV Arena offers modern environment for both competitors and spectators and multimedia equipment, such as the „Video-cube“ which makes it possible for the audience to watch the competitors in detail shots and to check the results.

In the beautifully decorated KV Arena we have been able to enjoy not only the outstanding performances of the competitors but also their beautiful leotards and their joy of movement.

The KV Arena Managing Director, Vladimír Kvasnička, met the VIP guests and agreed with them on the unequivocal support of this sports event in the future.

KV ARENA

Due to his position and also his interest Vladimír Kvasnička, the KV Arena Managing Director came to watch the international competition in rhythmic gymnastics Carlsbad RG Cup. At first glance, he was impressed by the fact, that the usual ice hockey hall had changed into a beautifully decorated place covered with gymnastic carpets. „I feel it's very positive for me, it's a pleasant surprise, because the hall suddenly became glowing and warm, because, after all, ice hockey is a winter sport on ice and it just looks cooler. Here it is beautiful“, Kvasnička, who is also a member of the Karlovy Vary City Council, shared his impressions.

„On behalf of Karlovy Vary I am pleased that among the partners involved in the competition there are not only KV Arena, the Townhall and the Region but also many regional companies“, said Kvasnička. Then he watched the Junior and Senior Categories with great interest and with the expert commentary by the Carlsbad RG Cup manager.

After talking to other VIP guests Vladimír Kvasnička agreed with Monika Míčková that the KV Arena Hall may be suitable for organizing competitions of even higher level than the Carlsbad RG Cup.

Vladimír Kvasnička did not want to miss the closing ceremony and took the opportunity to hand over the medals to winners of two categories. He could personally congratulate the gymnasts whose performances, elegance and beauty graced KV Arena during the whole competition day.

ELEGANCE • RHYTHM • ENERGY

The winning gymnasts received original custom-made medals with Swarovski crystals, original spa cups with the RG Cup logo and a set of Carlsbad porcelain. All the competitors also got original diplomas and gift bags with valuable prizes.

TOPGYM KARLOVY VARY

Rhythmic Gymnastics in Karlovy Vary has a long tradition since 1955, when one of the first RG clubs in the former Czechoslovakia was established in this spa town. The club passed through various sport organizations, most recently from 1997 to 2015, it worked under the name TJ Slavia Karlovy Vary. Since 2016, the club has been working as a single legal entity, a sports club of rhythmic gymnastics called TopGym Karlovy Vary.

Thanks to the talented gymnasts as well as capable coaches, the club focuses on the most difficult Line A/B level, and, if possible, group exercises. Carlsbad's modern gymnasts are successful at competitions both in the Czech Republic and abroad.

In 2012 new management agreed to lead the RG club and with their help the Carlsbad rhythmic gymnastics has seen success not only in the field of sports. The club chairman, Jiri Herian also performs as the Chairman of the entire West Bohemian Rhythmic Gymnastics Association (Carlsbad and Pilsen Regions). The club chief coach, Miroslava Spickova, was awarded the title „Trainer of the Year in Karlovy Vary Region, 2013“ and a junior gymnast, Kristina Bernatova won the title „Successful Sportsman in Karlovy Vary Region, 2014“.

Our modern gymnasts regularly participate in numerous cup competitions and championships; at the West Bohemian Regional Championships (Pilsen and Carlsbad Regions) they win medal positions and advance to the Championship of the Czech Republic.

The last three years have been for Carlsbad modern gymnasts particularly successful. The girls participated in 60 races in which they won over 120 medals. The furthest place where our club and the city of Karlovy Vary were represented by our gymnasts was a competition in Belgium.

In recent years, the sports club has had more than 50 gymnasts and 10 coaches, referees, a ballet teacher and the manager of the club. Currently, there are also two Russian coaches.

We have an ambitious goal to be among the top in the Czech Republic both in the quality of backgrounds and the success of our rhythmic gymnasts. That is why the club has been trying to create a good reputation, among other things builds also by organizing a prestigious competition Carlsbad RG Cup in KV Arena.

MEDIA REVIEWS

Carlsbad RG Cup, as in previous years, did not escape the attention of printed media. Extensive articles in newspapers and other media are not only a great promotion of the competition itself but also the promotion of the beauty of rhythmic gymnastics as such. Thanks to that, the awareness of this sport, the girls' interest in it and the so important viewers' favour are gradually increasing.

We thank all the partners who supported the international competition Carlsbad RG Cup and helped to bring this beautiful sport to Karlovy Vary, where it certainly belongs due to its character.

We believe, that, thanks to the support of the town of Karlovy Vary, the Karlovy Vary Region and sponsors as well as thanks to the participants' interest, the following Carlsbad RG Cups will be even more beautiful.
